

## PANORAMA FILM

panoRama Film is an innovation which allows you one-way see-through features (non-self-adhesive) for poster, room divider or advertising on or near windows. It is an innovative solution and can be applied in many different and cost effective ways - also on advertisement space which has not been used up to now.

### Durability

2 to 3 years indoor application mid European conditions.

### Printing method

Solvent, eco-solvent, UV curable inks, screen printing and latex (special liner required, please contact us). Please switch off the preheating systems at solvent printing.

### Shelf life

1 year stored at +15 to +25°C (+45°F to +80°F) and relative humidity between 20% and 70%. In use at +5°C to +40°C (+41°F to +104°F) and relative humidity between 30% and 70%.

### Warranty

Continental Grafix products are warranted to be free of defects in material and manufacture at the time of shipment and to meet the specifications stated in the technical specification sheets. We will replace or refund the price of any Continental Grafix materials found to not meet our product specifications. In no case shall Continental Grafix be liable for any direct, indirect, or consequential damages, including labor or non-Continental Grafix materials charges. The determination of suitability of this product for any specific use is solely the responsibility of the user. No representations, guarantees or warranties of any kind are made to the accuracy of suitability for specific applications.

### Uses

- Hanging posters from ceiling or applied behind shop windows
- Background of show case
- Room divider
- Inside application on windows by use of panoRama Tape

### Features & Benefit

- Excellent resistance against direct sunlight
- Re-usable perforated media as it is non-adhesive
- Air permeable and light material
- Can be equipped with adhesive after printing in combination with panoRama Tape
- No more professional service required for installation
- Creation of new advertising space
- No vandalism
