

## PANORAMA GREEN

PanoRama Green is a perforated, self-adhesive window film designed for long-term applications. This product is characterized by its PVC-free composition, providing an environmentally conscious solution for glass advertising without compromising interior views.

PanoRama Green exemplifies versatility, extending its application to car or bus windows. The only requirement for this dynamic application is flat windows, ensuring a straightforward transformation of glass surfaces into captivating advertising spaces.

Unleash the potential of PanoRama Green - where innovation seamlessly aligns with sustainability, offering a reliable and enduring solution for all your advertising needs.

### Durability

Up to 5 years warranty when used in mid European conditions.

### Printing method

Solvent, eco-solvent, UV curable inks, screen printing and latex

### Shelf life

1 year, stored at +15 to +20° C (59°F to 68°F) and relative humidity between 20% and 70%. In use at +5°C to +40°C (+41°F to +104°F) and relative humidity between 30% and 70%.

### Advice

Use more pressure by applying panoRama Green than with other perforated window films.

### Warranty

Continental Gratrix products are warranted to be free of defects in material and manufacture at the time of shipment and to meet the specifications stated in the technical specification sheets. We will replace or refund the price of any Continental Gratrix materials found to not meet our product specifications. In no case shall Continental Gratrix be liable for any direct, indirect, or consequential damages, including labor or non-Continental Gratrix materials charges. The determination of suitability of this product for any specific use is solely the responsibility of the user. No representations, guarantees or warranties of any kind are made to the accuracy of suitability for specific applications.

### Uses

- Shop windows
- Building wraps
- All long-term applications

### Features & Benefit

- PVC free (PET Film)
- Maximum contrast and great visibility
- Excellent removability also after long-term application
- Semi-permanent, clear adhesive offers good removability
- Designed to be combined with the over laminate panoRama Green laminate

Size	Width: 1.372 m    Length: 25.00 m, 50.00 m	
Material	Self-adhesive, perforated PET film. Printable white front side and black reserve side for maximum contrast.	125µ +/- 5µ
Adhesive	Removable, semi-permanent clear acrylic adhesive	
Open area Printable area	40% open area 60% printable area	
Liner	UV-liner	220 µ +/- 15µ
Certificate	Flammability	B1
	TÜV Approval Germany	- D5750 with panoRama Green Laminate - D5741 without panoRama Green Laminate
Application	Minimum application temperature	+10°C bis zu +30°C (+50°F bis +86°F)
	Minimum service temperature	- 17°C bis +50 °C (+0°F bis +122°F)
