TEST REPORT NO 68/1/P/LB/2021(EN)

SUBJECT OF TESTING: ClearWalk

ORDERER: Continental Grafix AG
Lettenstrasse 2
CH-6343 Rotkreuz
Switzerland

DATE OF RECEIPT THE SAMPLES: 15.03.2021 r.

DATE OF TESTS: 6 – 7.04.2021.

EXECUTOR: Technician Jacek Kamiński
M.Sc. Eng Marcin Pożarowszczyk

Number of copies: 1

Number of pages: 3

Warsaw, 8.04.2021

RESEARCH LABORATORY OF WP OCiB/L-ICiMB	TEST REPORT NO 68/1/P/LB/2021(EN)	page 2 / 3
---	--------------------------------------	------------

1. Subject of testing

- ClearWalk 500 x 1000 mm

Producer: Continental Grafix AG
 Lettenstrasse 2
 CH-6343 Rotkreuz
 Switzerland

Number of sample: 1 piece

Designation of sample: 53P/2021

The samples taken and delivered to the Research Laboratory by the Orderer.

2. Scope of tests and the place of their execution.

- determination of critical slip angle

Scope of tests has been established by the Customer.

Tests have been made in the Research Laboratory WP of Ceramics and Concrete Division.

3. Testing methods:

DIN 51130:2014-02 Testing of floor coverings. Determination of the anti-slip properties. Workrooms and fields of activities with slip danger, walking method. Ramp test.

4. Results of tests

4.1. Determination of critical slip angle.

According to DIN 51130:2014-02 Testing of floor coverings. Determination of the anti-slip properties. Workrooms and fields of activities with slip danger, walking method. Ramp test.

Sample size: 0,5 m²

Critical slip angle	
Adjusted average overall acceptable angle α_{ges}	Anti-slip properties class
13,7	R 10
